(d) A presentation was made by NEC on, *inter-alia*, case study of Dhodar Ali Road, at the Conference of Chief Ministers of NE Region at Shillong in February, 2002. In that, it was pointed out that even though the road improvement work was sanctioned in 1989 and was originally scheduled to be completed by March, 2002, only 80% of works have been completed. The reasons for time overrun identified were:—

(i) Change of specification from Ordinary District Road (ODR) single lane to Major District Road (MDR).

(ii) Non-receipt of funds in time by implementing agency (Assam PWD) from Government ofAssam.

(iii) Engagement of an excessive number of (150) contractors for execution of 100 kms. road work.
